

2021 AIADCA AGM – Secretary’s Report

What a year!

2020 started with our Nationals in Paynesville, Victoria, which was heavily impacted by the Gippsland bushfires. However we managed 7 races and 36 entries with a rough 50/50 split of Foiling/Classic fleets; with congratulations to Darren Bundock (Open Champion) and Andrew Landenberger (Classic Champion).

The Committee has been communicating regularly via Teams video meetings; with a great deal of work planning and adjusting the 2021 Nationals, with thanks to Stevie Brewin for his input.

The AIADCA now also has a COVID Safety Plan for events, with thanks to Ian Michie and Paul.

You will have received an email from IACA re the ballot for the creation of the Classics Discipline; if you did not receive this please email me, so we can update your email address.

Current event rotation as follows.

Nationals rotation next 3 years:

2022: QLD

2023: VIC

2024: NSW

Lastly - congratulations to Storm for his Australian Sailing Lifetime Achievement award; there is a video here <http://www.a-cat.org.au/2020/10/australian-sailing-2020-victorian-lifetime-achievement-award-winner-ian-johnson/>

Reminder, please ensure you update the Sailor App on your phones, this is updated regularly, and will be the way our Committee publishes member documents, along with SMS messages and the website. We have found many emails are getting blocked as spam by members, the Sailor App addresses this. Please contact me if you need assistance with the Sailor App.

Thank you, and safe sailing.
